

CIT Objective

To provide strong risk-adjusted returns in all market environments, as well as relative to a comparable benchmark and our peers.

CIT Strategy

Sawgrass Asset Management’s High-Quality Fixed Income strategy focuses primarily on U.S. dollar denominated government, investment-grade credit / corporates, taxable municipal bonds, and agency mortgage-backed securities. The strategy aims to maintain portfolio credit quality and effective duration similar to the benchmark. Alpha is derived from four main sources: duration, yield curve, sector allocation, and security selection.
